## FROM THE DIRECTOR'S DESK

Starting with greetings, after a yearful service I am writing to you our projects are to improving the quality of life of the targeted communities and to bring about social changes in the societies have all gone in unhindered and as planned out to be. Policy interventions cross cutting issues and several other setbacks notwithstanding; VRDP is in relentless pursuit with zeal and vigor to achieve the goal of an egalitarian society of equals. For VRDP, women empowerment and development is the key and focus for community development at large.

VRDP is striving hard with determination and dedications to reach out to these communities to enable them find ways to improve their quality of lives. Financial constraints notwithstanding, VRDP is surging ahead with programmes that would take us to the goal. Our achievements and accomplishments are many. Expectations from us are always increasing. While taking this opportunity to thank the staff and the members of the society for their cooperation and achievements, I request all of them to gear up with more determination for the challenges ahead.

I also take this opportunity to thank our donor partners, Government departments, the philanthropic minded who could donate whatever was possible and the advisors for their support in VRDP's endeavours and efforts.

Thanking you

Yours Sincerely

## Link Worker Scheme

### Introduction about Link Worker Scheme

VILLAGE RECONSTRUCTION AND DEVELOPMENT PROJECT (VRDP) is a team long time Associates in Social action for more than one and a half decade. Mr. A. Renganathan, a former schoolteacher, whose update of development is excellent, founded VRDP as a society in Salem district in 1984. It was duly registered under the State and Central Act for its legal entity. The purpose of the organization is to empower the rural poor, especially the most exploited and oppressed lots of the Tribal, Dalit and Women,

VRDP had been implementing Link worker scheme in Salem District with the support of VHS, National AIDS Control program (NACO) and Tamilnadu State AIDS Control society (TNSACS). The main focus of this intervention is HIV prevention, care and support and treatment, and specifically to Reach out to HRGs and vulnerable men and women in rural areas with information, knowledge, skills on STI/HIV prevention and risk reduction

The link worker scheme will be useful to reach out to the rural population with the focus among the high risk population such as youth, women etc. The program will cover 105 most vulnerable villages through a mapping exercise

### Objectives of The Link Worker Scheme

LWS scheme will make an effort to build a community-centered model for rural areas. This will include an outreach strategy to address the HIV prevention, care and support and treatment requirements in Salem districts. The specific objective of the scheme includes: Reach out to HRGs and vulnerable men and women in rural areas with information, knowledge, skills on STI/HIV prevention and risk reduction.

**This entails:** Increasing the availability and use of condoms among HRGs and other vulnerable men and women. Establishing referral and follow-up linkages for various services

including treatment for STIs, testing and treatment for TB, ICTC/PPTCT services, HIV care and support services including ART.

Creating an enabling environment for PLHA and their families, reducing stigma and discrimination against them through interactions with existing community structures/groups, e.g. Village Health Committees (VHC), Self Help Groups (SHG) and Panchayati Raj Institutes (PRI). The population groups that are at-risk and vulnerable to HIV infection as well as persons living with HIV/AIDS include
